Employee Safety and Health Program

Benefits

- Provide safe workplace for employees.
- Prevent employee injuries.
- Increase employee morale.
- Improve employee productivity.
- Lower workers' compensation costs.
- Reduce costly OSHA citations.

Program Services

- Prepare/update the Employee Safety and Health Manual per the OSHA standards.
- Develop a customized Employee Safety Module Plan. Emphasis is on compliance with each required OSHA standard.
- Develop a safety compliance action checklist for topics relevant to your business.
- Each site visit will focus on a specific module. Each visit will include an employee training class, safety audit, safety committee meeting and compliance assistance. The frequency of the visits will be determined by the OSHA standards that relate to your business.
- Receive quarterly informational e-newsletter.
- Program includes OSHA inspection / citation / abatement assistance.
- Provide regulatory updates, as required.
- Phone and email support for safety related questions and concerns.
- Conduct accident investigations with written report, as needed.
- Provide required OSHA poster.

Features

- Customized to fit your specific safety needs.
- Low start-up investment.
- Annual program with low monthly payment plan.
- Discount available when combined with our Human Resources program.
